Reynolds Family Winery

ABOUT

In 1995, with a stubborn determination that can only be described as “persistence”, Steve and Suzie Reynolds started their Winery...

Reynolds Family Winery, located on the world famous Silverado Trail in Napa Valley, is a small, family-owned and operated winery specializing in limited production of handcrafted wines.

Steve Reynolds, winemaker, produces expressive wines that are representative of their native appellation. He starts with implementing meticulous vineyard practices and progressive winemaking techniques, resulting in fruit-forward wines that are soft, approachable, yet complex.

We invite you to share our passion for the art of winemaking by enjoying some of our wines.
