STEAKHOUSE

## INTRODUCING J-PRIME

J-Prime was built on the same high standards of service, passionate employees and original dishes as our sister restaurant, Chama Gaucha Brazilian Steakhouse. These high standards set us apart from other establishments through our melding of the traditional American Steakhouse and the unique flavors of South American cuisine.

We take the best options from a modern steakhouse and combine them with our chef's innovative recipes to create an unforgettable dining experience serving only the highest quality premium cuts. In terms of our specialty creations, we only source the best ingredients: from Japanese A5 steaks to our Alaskan King Crab.

Our steaks, including our ribeye and New York strip options are offered with marbling, and they are guaranteed to be prime plus.
